keeping the world connected

Communication is our lifeblood. It's what makes the world run and gives our lives meaning. Though technology evolves, the desire to seamlessly and securely access and exchange information anywhere, anytime never changes. While technological advances make communications simpler and more ubiquitous, efficiently interconnecting disparate applications, networks and devices and delivering it to the right person, at the right time, in the right way is enormously complex.

Creating a globally connected world is what iconectiv does better than anyone. Our cloud-based information as a service network and operations management and numbering solutions span trusted communications, digital identity management and fraud prevention. These are essentials that greatly aid industries such as communications, finance, healthcare, public sector and tech.

At iconectiv®, **our vision** is a world without boundaries, where the ability to access and exchange information is simple, seamless and secure.
.

And **our mission**. is enabling the world of tomorrow through the simple, seamless and secure interconnection of networks, devices and applications.

business principles

With unparalleled leadership and legacy in global communications, iconectiv strives to make connectivity:

simple – making the systems and processes that are extraordinarily complex, comprehensible

seamless - simplifying information exchange, on a global scale, and making it instantly available

secure – entrusted with the critical data that makes the world run

enabling the simple, seamless and secure interconnection of networks, devices, and applications for more than 2B people every day.

industry forum leadership

active participants in more than ~50 industry working groups, committees and initiatives.

iconectiv®

restoring trust in communications

platforms

iconectiv® TruNumber™ Finder
Real-time access to phone number data including historical porting history and current service provider ownership.

iconectiv® TruNumber™ Gateway
Number portability management system that seamlessly manages phone number changes to maximize call completion rates with less costs and fewer errors.

iconectiv® TruNumber™ Portability Clearinghouse
Secure platform and definitive source for phone number porting data.

iconectiv® TruNumber™ Protect
Authoritative, database of high-risk numbers, including unallocated and premium rate numbers, to proactively identity and block call initiation of suspicious calls.

iconectiv® TruNumber™ Resolver
Eliminate number portability routing challenges and simplify numbering plan changes with this information service.

iconectiv® TruNumber™ Routing
Optimal routing and rating data for 245 countries and ISOs to validate the terminating service provider and prevent revenue leakage.

iconectiv® TruOps™ Common Language®
Simplified network, equipment and location asset and inventory management for accurate and timely financial reporting, improved network utilization, seamless interconnections.

iconectiv® TruOps™ Telecom Routing Administration
One-stop, authoritative data source for North American interconnection data. Used for billing and numbering assignments and to route and rate 15B transactions daily.

iconectiv® TruReach™ Intel
Interactive, web-based solution that simplifies voice and text authentication to enable legitimate business callers to provide a better, more trustworthy customer experience from a single registration point.

iconectiv® TruReach™ Certify
Authenticate caller ID information at call origination and securely convey it between service provider networks to mitigate spoofing and illegal robocalling.

iconectiv® TruReach™ Toll-Free 8MS
Efficient provisioning, least-cost routing, inventory management of 75+% of toll-free numbers and 70% of toll-free services.

industry programs

Local Number Portability Administrator
The nation's Number Portability Administration Center (NPAC), which facilitates number porting in the United States.

Short Code Registry Administrator
Offer businesses unequalled opportunities to engage audiences through branded text messaging. Country's single database of available, reserved and registered short codes for trusted B2C text messages.

Secure Telephone Identity Policy Administrator (STI-PA)
As the policy administrator, iconectiv will apply and enforce the rules to mitigate illegal robocalls and help consumers, once again, trust the calling number displayed on their caller ID.

Telecommunications Relay Service for iTRS Users
Helps those requiring auditory or speech communication assistance to communicate with friends, family, businesses and government agencies.
